JAPANESE BATTLESHIP.

Destroyed by fire With a
Loss of 599
Lives.

CAUSE IS UNKNOWN.

One of the Mikado's First
Class Battleships, Flag-
ship of Togo.

Tokio, Sept. 12.—The Navy Department announces that the battleship Mikasa has been destroyed by fire and the explosion of her magazine, causing the loss of 599 lives, including men of other ships who went to the rescue.

The fire started from an unknown cause at midnight on Sunday night, Sept. 10. Before the officers could be rescued the fire reached the aft magazine, which exploded, blowing a hole in the port side of the vessel below the water line and causing the ship to sink.

An investigation is now being held to determine the cause of the fire.

The Mikasa was a first-class battleship of 15,200 tons displacement. She was built in England and was launched in 1902. The battleship was 400 feet long, had a speed of over 18 knots and carried a crew of 935 officers and men.

She was Admiral Togo's flagship and led the fleet in the battle of the Sea of Japan.

In this battle the Mikasa was the heaviest loser of all the Japanese ships, having sixty-three killed and wounded. She approached nearer to the Russians than any other battleship.

The Mikasa was also the flagship of Admiral Togo after the great naval battle fought off Port Arthur, on August 10, 1904, on which occasion the Japanese flagship also suffered the most killed on the fighting line. On that occasion the Mikasa had four officers and twenty-nine men killed, six officers and twenty-nine men severely wounded and four officers and twenty-nine men slightly wounded.

Mr. and Mrs. J. W. Hunter, of Princeton, have filed suit against the former firm of Forbes & Bro. for \$1500, alleging damages on the unsatisfactory completion of a house built in 1902.

SOLID WEEK OF GREAT FUN.

Negotiations For Talbott's
Shows and Country
Fair.

BEST ON THE ROAD.

Everything to Be Given
Within An Enclosure,
Not On The Streets.

The local members of the National Fraternal Union made application to the City Council Tuesday night for the privilege of giving a carnival the first of next month.

Yesterday representatives of the order were in consultation with Mr. Talbott, who is said to have the best carnival shows on the road. He has a fine animal show, the creation, electric exhibits, temple of mirth, the arcade, Chinese midgets, and many other attractions, to which is to be added a regular "Country Fair." Farmers will be expected to bring in samples of their tobacco, corn, vegetables and everything raised on the farm. Handsome premiums will be given to the successful contestants. Ladies will not be forgotten, but will be asked to exhibit specimens of needle work, etc.

This exhibition must not be considered a street fair. It is anything but that—for everything will be given at Mercer Park.

The council merely gave the privilege of exhibiting without payment of license or tax. No street privileges were asked.

LATER—The negotiations with Mr. E. D. Talbott, representative of the great Parker Amusement Co., came to a close about 3 o'clock yesterday afternoon, by the local members of the order contracting for a six days' exhibit, beginning Monday, Oct. 2. The company carries 370 people, has its own train of 26 cars, a \$30,000 electric light plant and has 5 free attractions.

STUCK WITH FORK.

A Cook and Waiter Get Into
a Difficulty.

Monday night while supper was being served, unknown to the guests, a difficulty took place "behind closed doors" in the kitchen of Hotel Latham.

Minor Tandy, colored, one of the assistant cooks, was told by Sink Leavell, a waiter, also colored, to prepare supper for a guest, and it not being done as the waiter wanted, a war of words occurred. No blows were struck, but from what we learned, Tandy threw a fork at Leavell. The fork entered the abdomen and produced a painful wound. Leavell has since been incapacitated from work.

PHYSICAL FREAK.

Tennessee's Famous Negro
Giant is Dead.

Bud Rogan, the Tennessee famous negro giant, is dead at home in Gallatin. Rogan was 8 feet 9 inches tall. He measured from knee to heel 28 inches. His hands were 12 inches in length and feet 16½ inches. He was drawn around in a wagon by two goats, his legs being too slender to support his gigantic body and enormous feet. Rogan was about thirty-six years of age.

ASHINTO FESTIVAL

ONE OF THE MOST PICTUR-
ESQUE SIGHTS OF JAPAN.

Georgious Processions That are Pleas-
ing to the Traveler and Enjoyed
by the Native—Religious
Ceremonies and Sports.

Life in Japan seems like one con-
tinual holiday, and day after day the
visitor sees a different temple or dis-
trict on fete in celebration of its own
particular maturer or religious festival.
At these times the streets are filled
from early morning until midnight
with chattering, smiling crowds, the
children dressed in their brightest hol-
iday attire of painted crapes, with obis
(sashes) of the most dazzling colors.
One of the grandest and most im-
posing of the Ashinto ceremonies is the
Ato festival of the Kamo temples, held
annually at Kyoto, the old capital of
Japan, on the 14th of May; and it is
especially interesting as a relic of the
time when the mikado took part in it
personally, instead of sending a rep-

THE BEAUTIFUL BLACK BULL

representative as in this year of grace
1905. The festival was established
more than 2,000 years ago, and it owes
its name to the not or hollyhock, with
which the nobles in the procession decorate
their heads.

The nobles and the priests appointed
for the various functions by the im-
perial temple of Shintogamo, a
religious ceremony takes place, and

sents the emperor's letter to the temple.
ceremonial bows and nine bows—were
the lord abbot and high priests in
quaint costumes, carry out the custom-
ary rites with great solemnity.

This year's festival ended by some
amusing horse racing, rather like a
gymkana; the chief performers being
the terrified priests in their antique
costumes, who were carried by their
untrained and unmanageable steeds far
past the winning post, clinging for
dear life to the horses' heads, and in
more than one instance crashing into
jurisdictions and bamboo enses promi-
cuously, to the extreme peril of those.

ands of spectators in general, and of
the unfortunate riders in particular.
In this connection it is interesting to
note how naturally the Japanese com-
bine sports and games with religious
ceremonies, for they generally find the
court yards of temples lined with
shooting ranges and penny peep-shows.
"Tranquil and serene is the ordinary
atmosphere of Japan," remarked the
courteous and its delightful little peo-
ple, whose equality is such that they
do not require one "sear word" in
their whole vocabulary. For this is a
land where "they neither kiss nor
cuss," where one never hears a cooie
quarreling nor a baby squalling, where
peace always reigns.

ELIZABETH LAWSON

Growing Down.
"Human being actually begin to lose
height at the age of 30, and at the age
of 50 have lost at least 1 1/2 inches," re-
marked the thoughtful one.
"But I have known young men to be-
gin growing down," remarked the
frivolous one, feeling of his upper lip,
"when they were only 16 years of age."

WHY IT SUCCEEDS.

Because It's for One Thing
Only, and Hopkinsville
is Learning to Ap-
preciate This.

Nothing can be good for every-
thing. Doing one thing well brings
success. Doan's Kidney Pills do one
thing only. They cure sick kidneys.
They cure backache, every kidney
ill. Here is Hopkinsville evidence to
prove it.
Mrs. J. T. Johnson, wife of J. T.
Johnson, superintendent of streets
living at 616 North Main street, says:
"During the latter part of last sum-
mer I noticed growing upon me a
full aching across the small of my
back which kept getting worse until
finally the pain became so severe that
I was hardly able to walk around.
I had many times not attend to my
household duties. The trouble I
believe came from my kidneys for I
suffered from other distressing sym-
ptoms of complaint. I was subject to
the most severe headaches and fre-
quent attacks of dizziness. I learned
about Doan's Kidney Pills and my
husband got a box for me. They did
me wonderful amount of good. I felt
much better and stronger in every
way than I had for some years. I do
not know how to thank Doan's Kid-
ney Pills, but I should have known
it had not been for Doan's Kidney
Pills."

AGENT OF PROGRESS

HE IS THE NIMBLE-TONGUED
AMERICAN DRUMMER.

Evidences of His Persuasive Powers
Are Found in Many Out-of-
the-Way Corners of the
World.

Progress stands in the vocabulary
of most of us as the one word defining
the march of events, but even this
march must have its drum major—its
advance agent to herald its coming and
to the person of the American drum-
mer we have surely found the man.

On a trip through the interior of
Cuba several years ago we came to a
little thatched hut in the midst of a
very jungle of palms and banana trees.
There was a horde of youngsters romp-
ing about without a vestige of cloth-
ing, while several older ones stood
near with garments on that appeared

IN A CUBAN HOME

to be no more than a coarsely woven
sack with holes cut for the head and
arms.

As we neared the house the mother
of the family stood smiling in the door-
way and welcomed us within. There
were no chairs, nor really furniture of
any kind, with the exception of piles
of mats upon the floor, but in one
corner flaunting its peculiar phleban
top-head stood an up-to-date, light
turning sewing machine! The per-
suasive powers of that agent could
have been was something to marvel
at, for surely the instrument was never
used for its original purpose, as no
member of the family boasted of any
sewing on his clothes.

In a little Mexican village, 20 miles
away from the terminal of a branch
of an obscure railroad, there is a small
market place and in this market place
are various merchants equipped upon
the ground selling their wares. The
face of a white man is almost un-
known in this forgotten spot and yet
a simple butcher who would sell you
portions of white goat meat or joints
of fowl used a patent meat chopper to
prepare his choicest dainties.

Among the inhabitants of the south
sea labor-saving utensils are very
popular. It is a common sight to see
a great chocolate-colored native, clad
in nothing but a yard or so of bright
calico, bound round the waist, spinning
along on a coaster brake bicycle.

They have patent irons and hand
sewing machines.

Occasionally you will see a boat-
load of natives going from one island
to another, visiting. They will take

WEARS IT ABOUT HIS NECK.

all their most precious possessions,
perhaps a set of woven wire bed
springs, not to be slept upon, but used
as a guarantee of position and means.
The natives of the Philippine islands
are rapidly adopting all the wares of
the white man, but before these were
so common there, the greatest prize
was a time-piece of any kind. No more
valued present was ever received than
a nickel watch, and the proud owner
wore it hanging about his neck, to the
envy and despair of all his acquaint-
ances.

The road to civilization is more eas-
ily and effectively blazed by the nimble-
tongued drummer than by all sacrifice
and valor of countless armies.

For Outing Wear in the Autumn

NEW B.W. EATERS.

What the outdoor girl shall wear depends very largely upon locality. Paris may say this is proper for mountain-climbing, that for tennis and golf; London may present designs suitable for English country needs; and when it comes time for girls in "the states" to plan a wardrobe for vacation needs they will have to adapt and change. The States are too big, the climate of too great variety to make possible an unchangeable model.

It was we, I believe, that called into being the sweater, the garment of the unpretentious, but of infinite use. As the fall days descend upon us we are glad indeed to pull on this elastic and "comfy" wrap. One can carry it so easily—it will not muss nor cumber—and when the mountain top is reached, the bright day has turned into cool evening, there is no better friend than the faithful sweater.

Londoners have improved on our early models, and now we have a presentable garment, and a variety to choose from. The first ones, those that had to be pulled over the head, were certainly lacking in grace to be recognized as near relations of the natty garment of the present.

A dozen different models stand before us. There is the yachting sweater, with sailor collar, embroidered dickey and scarf; it comes well down over the hips, fits in at the waist, and is finished with a belt. The sleeves are quite full, to allow for the full blouse sleeve now obtaining.

Another good sweater that comes down over the hips, is an excellent model. It is double breasted, and has a collar that can be turned back in revers or crossed and worn on the breast. Two other models are long; one is collarless and well belted in; the other is on the box-coat order, also collarless, and has a straight sleeve wide at the cuff. The last is very jaunty and effective.

Hand-knit sweaters are often seen, and are not so very expensive. They are a means by which women in reduced circumstances can also cut an income with a little home-work; and as the directions for making are given so explicitly, a woman of average skill is generally able to turn out a highly satisfactory garment.

But the summer has been marked by the sweater, the hat, rather than the hatless girl, the outing hat is an important part of the costume. The sailor would about with a scarf is liked, and a Tam O'Shanter effect is in vogue.

White serge and white mohair will be worn very late in the fall, two of the popular summer styles. The serge is made up in strictly tailor fashion, the mohair may be a bit dressier. With bolero or Eton, the white mohair is very dainty; the jacket short enough to disclose the fancy lingerie waist, and itself often trimmed with double or triple frills of lace. A white summer hat has been, and the Indian summer will also continue the vogue of white.

But the summer has been marked by the sweater, the hat, rather than the hatless girl, the outing hat is an important part of the costume. The sailor would about with a scarf is liked, and a Tam O'Shanter effect is in vogue.

White serge and white mohair will be worn very late in the fall, two of the popular summer styles. The serge is made up in strictly tailor fashion, the mohair may be a bit dressier. With bolero or Eton, the white mohair is very dainty; the jacket short enough to disclose the fancy lingerie waist, and itself often trimmed with double or triple frills of lace. A white summer hat has been, and the Indian summer will also continue the vogue of white.

Some Good Traveling Wraps

A long coat that quite covers the gown is a very useful garment to have in the wardrobe, but not very well adapted to pedestrian occasions—is too heavy and cumbersome. For carriage and motor wear, and for journeys by train, it is a most serviceable and proper garment.

The new ones of the autumn are rather narrow across the shoulders, but the full gathered sleeves make up for this change. A yoke breaks the length from neck to waist, and the collar is a new addition to the late 1905 wrap. Large

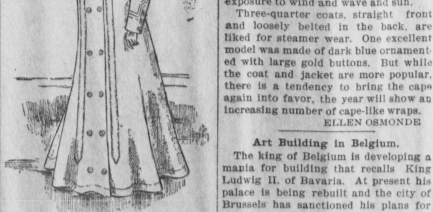

American women, and it is a most comfortable, luxuriously warm garment. It is made of softest Scotch woolens, and its cape is of graceful pattern. For one that expects long days out-of-doors, the inviolable coat is just the thing. It comes pretty high, however.

Other coats are made of the Scotch woolens, and this material is one that stands all sorts of weather. It is usually made up into distinctly serviceable wraps, meant for utility and not show. Half loose designs are favored, and big sleeves and pockets. It makes a fine steamer wrap. Trimmings of leather are very appropriate; an attractive garment which was brought to our notice was a most beautiful and good Scotch wool trimmed with leather the tone of the brown in the cloth.

The question is asked if golf caps have quite gone out, and we would answer that a few people still cling to them for steamer wear. They, too, cost a pretty penny if one chooses good material—and a poor cloth will stand no exposure to wind and wave and sun.

Three-quarter coats, straight front and loosely belted in the back, are liked for steamer wear. One excellent model was made of dark blue ornamented with large gold buttons. But while the coat and jacket are more popular, there is a tendency to bring the cape again into favor, the year will show an increasing number of cape-like wraps.

Art Building in Belgium.

The king of Belgium is developing a palace for building that recalls King Ludwig II. of Bavaria. At present his palace is being rebuilt and the city of Brussels has sanctioned his plans for a "Mont des Arts," which will cost \$40,000,000. Near the Cinquantenaire park a triumphal arch is being built by royal command and the architects are busy for the king in Laeken, Ostende and Villers-la-Potte. The latest royal project is a Hall of Fame to be built at the Porte de Namur, after the model of King Ludwig's Walhalla.

Prince Collects Beetles.

Among the illustrious personages with queer fads must be numbered Prince Leopold of Bavaria. His collection of beetles is the most extensive and complete in the world, and the prince is a skilled entomologist, deeply versed in the habits of ants, bees, moths, flies, earwigs and the insect world generally.

Hurt in a Runaway.
Dover, Tenn., Sept. 9.—While Hubert Sikes was on his way home from town the mule he was driving became frightened and ran away. In trying to jump out of the buggy Mr. Sikes's foot caught in the wheel, unjointing it at the ankle and breaking the bone above, causing a very painful if not dangerous wound.

Pain from a Burn Promptly Relieved
by Chamberlain's Pain Balm.
Mr. James N. Nichols, a merchant and postmaster at Vernon, Conn., makes the following statement: A little child of Michael Strauss was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation Mr. Strauss came to me for something to stop the little one's pain. From the many liniments I carry in stock, I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains, and lame back, and have never known it to disappoint. For sale by L. L. The Weather.

Washington, D. C., Sept. 13.—For Kentucky: Fair to night and Thursday.

There were no deaths from yellow fever in New Orleans Monday; for the first time in several weeks this good report was sent out.

Lee Weddle, aged 17, shot and attempted to kill Nellie Eichelberger, aged 16, to marry him, and then shot and killed himself, at Frederick, Md.

The old "Washington Elm" at Cambridge, Mass., supposed to be 350 years old, is in a rapidly failing condition. Under its boughs Washington assumed the command of the Continental troops.

Battling Britton, by his victory over Jimmy Britt, is entitle to the light weight championship of the world. Nelson's share of the purse was \$18,304.20, Britt's \$12,650.88, and the San Francisco club's \$16,908.82. Nelson is to get an additional \$5000 for his interest in the moving pictures and Britt almost as much.

Roy Williams, a 16-year-old boy from Carlisle county, escaped from the School of Reform near Lexington and walked to his home nearly 350 miles distant in his bare feet. His feet were so sore that he cannot wear shoes. He was taken back to the school as soon as he reached his home.

Capt. R. S. Triplett, of Owensboro, died in Louisville Monday of fever. He had been ill several days, but his death was unexpected. He was a native of Scott county and was 75 years of age. He served two terms as State Senator. Capt. Triplett was married when quite a young man to Miss Louise Vest, sister of the late Senator Vest. She died a number of years ago. He is survived by four sons, George V. Triplett, R. S. Triplett and Graham Triplett, of Waco, Tex., and John H. Triplett, of Memphis.

HOME PHONE

The Home Telephone connected up the new line to McKenzie at six o'clock Tuesday evening and it will soon be open to the public. IN POLITICS.

Something Will Soon Be Doing By Candidates.

Mr. John M. Rice Accepts Nomination for Representative.

Mr. John M. Rice, of the Bluff Springs district, was in the city Tuesday and formally accepted the Democratic nomination for Representative, recently tendered him by the Democratic convention of Christian county. Mr. Rice had not been quite well for several weeks, but his health is now such as to warrant his going into the canvass. He will add much strength to the ticket in his section of the county. Mr. Rice is a prominent farmer and a staunch Democrat, who was for several years county committeeman in his district. He has formally notified Chairman West of the county committee, of his acceptance of the nomination.

FRANK POOL MAMED.

A Democratic convention held in the Scates' Mill district Monday, at Era, nominated Frank Pool, of Lantrip's precinct, for Magistrate in that district. The nomination was by acclamation and has given the Democrats of that district much encouragement. Mr. Pool is a first-class man for the place, is young, active and popular, and will, it is confidently believed, overcome the normal Republican majority and defeat his opponent, Esq. J. W. Rogers.

MORRIS WILL RUN.

Mr. John M. Morris, of the Palmyra precinct, is in the hands of his friends in regard to the nomination for Magistrate in the South Hopkinsville district. He would make a winning candidate.

CONTEST TO-DAY.

After several postponements, the trial of the Tibbs-Clark contest is set for a hearing before the city committee to-day, when the question of jurisdiction will come up for argument.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc. You are lost, if you don't get help from Dr. King's New Discovery for Consumption, J. W. McKinnon, of Talladega, Spanglers, Ala., writes: "I had been very ill of Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at R. C. Hardwick & Co. drug store, price 50c and \$1.00. Trial bottle free.

JOHNSON-GILIAN.

Hopkinsville Man Marries Missouri Woman.

Mr. Hugh N. Johnson, an attendant at the Western Asylum, and son of Mr. J. T. Johnson of this city, and Miss Lura Gillian, of Jasper, Mo., who was also an attendant at the asylum until right recently, were married at 1 o'clock a. m., Tuesday, at the residence of the groom's parents on North Main.

The wedding had been arranged for an earlier hour, but the bride failed to make proper connection at St. Louis, and arrived here at midnight. As all preparations had been made for the event, however, the ceremony was pronounced at the hour above stated. Dr. E. L. Southgate officiated. Only a few of the friends and relatives of the couple witnessed the marriage. Mr. Johnson and his bride will reside with the groom's parents for the present.

HIS AWFUL SECRET

Finally Proves Past Endurance to Charles Herzog.

Minot, S. D., Sept. 13.—"When my lifeless body is found tonight by my mother, Mrs. Catherine Herzog, of Girard, Ohio. The inclosed letter will reveal my identity and the awful secret of my wretched life. I can endure it no longer."

The foregoing note was found by Frank Byer, who lives on a claim near Hiddenwood, this county. It was written by one of his harvest hands, called Frank, who had disappeared. In the letter the writer, who signs himself Charles Herzog, says:

"Dear Mr. Byer.—In the early seventies Charles Sterling, a supposed tramp, was tried for the murder of Miss Lizzie Grimbacker, a beautiful young woman residing near Youngtown, in Mahoning county, O. He was convicted on circumstantial evidence and was hanged for the crime in the county jail at Youngtown.

"Charles Sterling was an innocent man. I am guilty of the murder of the young girl, 'CHAS. HERZOG.' Mr. Byer and his neighbors have made a search without success for the body of Herzog.

ONE WHO REMEMBERS.

Pittsburg, Sept. 13.—David Jones, a well known newspaper man of this city, who reported the Grimbacker murder case over twenty years ago, remembers the case well. He said to-day:

"The crime caused intense excitement throughout Ohio and this part of the country. Miss Grimbacker was about 17 years old and very beautiful. She was found in the bushes between Youngtown and Holland with a veil tied tightly around her throat. Charles Sterling, the tramp who was hanged for the crime, was seen in the vicinity during the day and was convicted on purely circumstantial evidence. He was tried twice, the jury disagreeing at the first trial. A woman from Canada, who said she was Sterling's mother, came to see him before he was hanged, but she was denied by Sterling."

COLORED PEOPLE

Preparing For a Big Celebration Here Sept. 22.

Big preparations are being made by the colored people for the celebration of Emancipation Day in this city, Friday, September 22. The celebration will be under the auspices of the various secret societies and all schools, churches, societies and colored people generally will participate. There will be a parade, with industrial floats, at 11 o'clock a. m., from Friendship Hall, through the principal streets, to Fleming's Cave. Sutton E. Griggs, A. M. B. D., of Nashville, will be the orator of the day. There will be a foot race, an old man's race and other amusements, including a physical culture drill, and exhibition drills by the Knights of Friendship and Palatial Guards. A concert and prize contest will take place at Friendship Hall and Park at night. Music on the occasion will be furnished by brass bands from Earlinton and Elktion. Several excursions will be run over the railroads.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Biliousness." 25c at R. C. Hardwick drugist.

WOMEN SUFFER NEEDLESS MISERY.

There are hundreds of thousands of women in America suffering from Female Diseases, endangering their lives by doing nothing. If they write to me I will give them the benefit of my extensive experience.—S. B. Hartman, M. D.

In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

The treatment will be conducted by correspondence. The medicines prescribed can be obtained at all drug stores.

The Doctor will prescribe all medicines, applications, hygienic and diet regulations necessary to complete a cure. Furthermore, all correspondence will be held strictly confidential.

This offer will hold good only during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements, and previous treatment.

Pe-ru-na Brought Health and Happiness.

Miss Nellie South, late of Manchester, Eng., writes from 58 Prince Arthur St., Montreal, Can., as follows:

"Peruna has made a wonderful change in my life. It has brought me health and happiness."

"Since my seventeenth year I have had female complaint and irregularities. My general health suffered, I had pains in my back and lower limbs, my eyes were dim, and I became morose and unreasonable."

"Mother sought the advice of our family physician, who prescribed for me, but I grew no better."

"I then read of Peruna and procured a bottle. That one bottle was worth more than all the doctor's medicine I had taken previously."

"I cannot express my gratitude. Peruna has been a great blessing to me."—Nellie South.

Miss Edna Moore, 46 Elm street, Buffalo, N. Y., Secretary East End Literary Association, writes:

"I was a great sufferer from systemic catarrh, was extremely nervous, could not sleep, faint easily, was very irritable, had a confusion of the senses, and got up in the morning feeling more tired than when I went to bed."

"I was very wretched, but upon taking Peruna I began to improve, and after using the medicine four months, I felt like a new woman and was completely cured."—Edna Moore.

The principal remedy which Dr. Hartman relies upon in curing catarrhal diseases of women is Peruna. Hundreds of women sufferers find Peruna a household necessity.

CLOSE SEASON.

The Law Now Protects Rabbits and Squirrels.

Friday is the beginning of a two months' close season for rabbits and squirrels to open again with the fall season, Nov. 15th. Squirrels have been unusually numerous this year and the nimrods of the city report a good many killed in the last six days. A little respite now will give them and the rabbits a chance to grow and get fat before the fall campaign.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. In consideration the best medicine on earth, and thank God who gave you the knowledge to make them. 'Sold and guaranteed to cure, Dyspepsia, Biliousness and Kidney Disease, by R. C. Hardwick drugist, at 50c a bottle."

MEETING TO BEGIN

At South Union Baptist Church Sunday Next.

Rev. J. A. Kirtley, assisted by Rev. Mr. Staley, of Morganfield, will begin a protracted meeting at South Union Baptist church next Sunday, which will continue for ten days or more. Mr. Staley is a young pastor evangelist of unusual ability and effectiveness.

Mr. T. H. Williams, of Cairo, Ill., organizer of the Knights of Pythias Endowment Bank, visited the city this week. There are now 47 policy holders carrying \$67,000 here. The insurance in force amounts to \$110,000 and \$21,500,000 has been paid in losses.

VEGETABLE SICILIAN Hair Renewer

A high-class preparation for the hair. Keeps the hair soft and glossy and prevents splitting at the ends. Cures dandruff and always restores color to gray hair.

MISS Angelina Grotton, 805 St. Urbain street, Montreal, Can., writes: "Having heard Peruna praised so highly I induced me to try it for my cold, and pains in the groin with which I had been suffering for months. It took nearly three bottles to cure me, but I consider that was but a short time, as I have often taken doctors' prescriptions for months before I got relief."—Angelina Grotton.

As is well known, Dr. Hartman is the President of the Hartman Sanitarium, an institution which has a department devoted to the treatment of female diseases.

He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence.

Half of Woman's Ills are Catarrh and Catarrh Pe-ru-na is Unvalued.

Early Runaway.

Yesterday morning, just after 7 o'clock, as Karl Keach was driving a horse to the single wagon, the horse got frightened at something opposite Bethel College and tried to run. Karl jumped out of the wagon but the horse jerked the lines out of his hand as far as Mr. John C. Duffy's residence on South Main, ran into a tree, rode the front of the wagon and ran down Main street to Ninth, turned up Ninth to Virginia, up Virginia to Eighteenth, up Eighteenth to Main, where he was stopped. The damage to wagon and harness was only about \$6.

GOOD THING.

House That Will Not Burn Up or Wear Out.

Pittsburg has a row of buildings that are claimed to be everlasting and indestructible. While most architects and builders have been designing the sky scraper and costly mansion, a Pittsburg builder has been working away on plans for an indestructible house at a low cost. And a row of buildings have been the result.

The houses are built in pairs, with walls between. The basement walls are built wholly of hollow blocks, which make a substantial and dry 12-inch wall. The exterior walls are faced with red pressed brick, lined on the inside with hollow tiles. The partition walls are constructed entirely of hollow tiles.

The floors in the buildings, which will last many generations, are practically monolithic, being composed of tile, laid in straight courses, filled between the courses with one inch of concrete. The floors of the porches, which are wide, and extend the entire width of the house, are constructed the same way, the only difference being that inside the houses tightly joined grooved flooring is laid on the cement surfacing the tile. The structure of the outer walls insures warmth in winter and coolness in summer. Air is one of the best nonconductors of heat or cold, and by means of the air space obtained in the hollow block every advantage is taken of this fact. No furring is required, the hard plaster finish of the walls and ceilings being applied direct.

The use of wood is reduced to a minimum. The roofs are tile and even the porch columns are of cement. The tiling of the porch roof rests on steel.

Under the general adoption of this form of construction the element of cash has an important bearing. Each house represented a cost of \$4,000, which was only \$500 more than frame and brick. They were cheaper in the long run. For one thing the insurance is reduced to a minimum. In fact the necessity for it is done away with. Another reason is that ordinary constructed houses deteriorate 4 per cent. per annum while these only deteriorate 1-9 of 1 per cent. per year. Thus in the long run, the "Indestructible house" is the cheaper, more comfortable, more sanitary and safer than the ordinary destructible.

HALF HOUR STOP

Of "Alfalfa and Corn Special" at Hopkinsville.

The itinerary of the "Kentucky alfalfa and corn special" train, which will leave Louisville Monday, September 25, and make three trips, covering all parts of the state, has been announced by Hubert Vreeland, state commissioner of agriculture. The train will leave Louisville at 8:15 o'clock on the morning of September 25, and between that date and October 4 will make three trips to different parts of the state. The train is being sent out as a kind of railroad school to educate the farmers at first hand of the value of alfalfa as a food crop and of the practicability of its being grown in Kentucky.

Following is the itinerary for September 29 of interest to this county: Leave Guthrie..... 7:30 am
Arrive Pembroke..... 8:00 am

A car was wrecked on the New York elevated railroad Monday, killing eleven persons and injuring 40 others. The car fell from the structure to the street. A second car was derailed but did not go over.

AMUSEMENTS.

"Hooligan's Troubles" Saturday Night--"Polly Primrose" Sept. 19.

"Hooligan's Troubles," which appears at Holland's Opera House Saturday night, Sept. 16, can be truthfully termed the very quintessence of fun. Unlike most comedies it has a plot and this plot is in the main responsible for the many ludicrous mishaps and complications that round out a solid two hours and a half of genuine merriment. Hooligan's company that will present this, the latest model high grade wheel of mirth, is the original company. "Hooligan's Troubles" is a merry, madcap, crazy concoction of hilarity and as such leads the world in laughter. The audience has yet to be met which has not been captivated and convulsed by this mirthfully incomparable comedy and its many special features, each a paragon in itself. The advance sale will certainly be large. Considerable talk is going on for tickets. Fetch grandma and grandpa--let the whole family see "Hooligan's Troubles." Sept. 16.

"Polly Primrose."

Paul Wiltach, the author of "Polly Primrose" surrendered in a measure to the martial spirit of the hour when he sought an atmosphere for his delightful drama. He was not unmindful on the other hand of the more universal sentiment that makes "all the world love a lover." His skilful admixture of war and romance will provide the pleasure seeking public of Hopkinsville with the dramatic treat of the season, when the curtain rises on the stage at Holland's Opera House on Monday evening, September 18.

The title role is to be taken by Miss Carol Arden who chaffs and jollies all through the excitement of the play with a most reliable humor, and at the same time works out her own pleasant ends with the tact and seductiveness of an unusually clever woman. Miss Arden's career though covering only nine years, has been a series of notable triumphs in the most trying roles. Mr. Justice who performs the part of Carylse, Polly's lover, has won wide reputation in the profession, and was for two seasons the leading man with David Belasco's "Heart of Maryland Company." As "Denton" in "Arizona" he has for the last two seasons commanded vast audiences everywhere. These noted stars will be admirably supported and the development of the play offers opportunity for spectacular displays of which Manager Williamson has taken the fullest advantage.

Auspicious Opening.

The Herald Square Opera Company opened the season at Holland's Opera House Tuesday night, presenting the comic opera, "Said Pasha" to a good house. On yesterday afternoon a matinee was given the bill being "The Mascot." The engagement closed last night with the presentation of "Fra Diavolo." All of the plays were well rendered. The music was catchy, the acting of the individual members meritorious and at each performance the audience showed its appreciation with liberal applause.
